Ms. Kristin,

Deputy Director-General Zhang Huaiyi and the delegation have visited Norway in November 27,2018. During the visit, both sides have deeply discussed in the fields of sports, education, culture, tourism and youth exchanges and have reached consensus to strengthen cooperation between Norway and Nignxia. We'd like to take this opportunity to thank you for your thoughtful and meticulous arrangements during the visit of our delegation.

In order to seek more cooperation opportunities between Norway and Ningxia and further conduct friendly exchange activities of sports, Ningxia Sports Bureau plans to visit Norway in early May.

The preliminary plan of the exchange sports items is Chinese martial arts, Healthy Qigong (including Tai Chi), table tennis, badminton, tennis and other competitive sports activities. We'd like to here your voice on which exchange sports items are you interested in? Could you cover the cost of the delegation fee during the visit? If the visit goes well, we consider to establish the long-term mechanism for both sides to visit each other once in a year and the cost during your visit will be borne by us.

Look forward to your reply.

Sincerely,

Yao

Dear Yao,

Thank you so much for the invite, I have forwarded the invitation. Is it possible to send us a bit more information about the youth camp?

For your information does the county municipality only govern the high schools, the university students are a national responsibility.

Best regards
